EXPERIENCE

id/x partners WITH RAKAMIN ACADEMY

Data Engineer — Project-Based Virtual Internship AUG 2025 – SEP 2025 · REMOTE

- Engineered a full-scale ELT pipeline from scratch, integrating raw data from disparate sources into a centralised system with Microsoft SQL Server and Talend.
- Designed and built a structured data warehouse, modelling the data to support business intelligence and analytics requirements.
- Optimised complex SQL queries and stored procedures to automate repeatable data tasks, directly improving pipeline efficiency.

PT. Mastersystem Infotama

Network Engineer Intern JUN 2022 – SEP 2022 · JAKARTA, INDONESIA

- Engineered and monitored a nationwide Cisco hardware refresh across 40+ branch offices.
- Managed deployment, configuration, and turn-up, minimising downtime for every site.
- Validated post-migration connectivity including OSPF/BGP routing and WAN performance.
- Maintained network documentation and asset inventory, tracking daily configuration and topology changes.

PT. Swadharma Duta Data

IT Support Specialist Intern APR 2022 – JUN 2022 · JAKARTA, INDONESIA

- Provided Tier 1/Tier 2 NOC support for BNI Central Office, monitoring backbone infrastructure and running incident management against SLAs.
- Managed end-user connectivity, including configuration and support of wireless access points and client devices.
- Analysed network performance and generated weekly reports on wireless utilisation and bandwidth traffic.

PT Info Solusindo Data Utama

Network Engineer Intern JAN 2022 – FEB 2022 · JAKARTA, INDONESIA

- Deployed and administered Fortigate 81F next-generation firewalls across multiple BRI branch offices — firewall policies, ACLs, IPsec VPN tunnels, and UTM features (IPS, web filtering, application control).
- Ran quality assurance on 25+ staged network security devices, validating configurations, firmware versions, and deployment readiness.

EDUCATION

Bursa Uludağ University	BURSA, TURKEY
Teacher Training in Computer Science and Teaching Technologies	2023 – PRESENT
Computer Education and Instructional Technology.	
IDN Boarding School	
Computer Systems Networking and Telecommunications	2020 – 2023

INVOLVEMENT

Erasmus Student Network	ULUDAĞ UNIVERSITY
Head of Public Relations and Communication	JAN 2026 – JUN 2026
- Engineered an organic social media framework that generated 245,402 impressions, expanding the net follower baseline and digital footprint across core demographics. - Applied keyword optimisation, caption copywriting, profile activity tracking, and visual hooks for short-form video algorithms.	
Staff of Public Relations and Communications	SEP 2025 – JAN 2026
- Developed and implemented social media content calendars to brand strategy, achieving 180% follower growth in one month and tuning posts against performance analytics. - Designed, shot, and wrote reels, carousels, stories, and posts aligned to the chapter's brand identity.
